Are You Ready To Develop All Of Your Spiritual Gifts Simultaneously?

The Angel Reiki School (ARS) is a world-renowned certification program that transforms you into a healer, distinguished by your refined skills and ready to lead in the spiritual community.

It should've been called the Angel Reiki Mediumship School because you learn so much more than just Reiki! The ARS is your one-stop program to become a medium, angel messenger, and energy healer all at once.

Instead of having to go through multiple programs, you'll develop all of these skills simultaneously in the ARS, saving you time and money. You can attend the 8-week ARS online, in-person June 1-2, 2024 in OakBrook, IL (details below), or both.

Ready to unlock all your spiritual gifts? Ready for an unparalleled spiritual development experience? Everything you need to succeed is in the ARS!

Most ARS classes sell out because we have a 100% graduation rate; limited enrollment guarantees personalized attention; and with Julie as your mentor, her exclusive methods promise to unlock your potential, making you a skilled medium, messenger, and healer.

Reiki And Angel Reiki Are Completely Different

Every week, I hear from a podcast listener who says Julie, “My angels were telling me to take your Angel Reiki School, but I went with a local reiki program and I regret it. I knew I should’ve taken your Angel Reiki School from the start . . . what do I do?”

I need you to know that traditional Reiki and my Angel Reiki School are completely different. The Angel Reiki School is not a silent Reiki practice. My ARS is a unique form of healing that combines mediumship, angel messages and energy healing.

Why? Because when you get traditional Reiki, you leave feeling good for a few hours or days. However, you’re reliant on the Reiki practitioner and you must keep going back in order to keep feeling good.

This is not what the angels want.

My Angel Reiki School teaches you how to bring through messages in a way that can permanently remove heavy energies from another person’s energy field. My program teaches you how to be a teacher, so that you can show others how to develop their own intuition – and this is what is going to change the world. I’m going to teach you how to empower others to live their best life!

Spirit Is Calling You To A Higher Purpose

With every fiber of my being I know this to be true: We are all here to serve others and we all need one another. I couldn't have fulfilled my purpose if my teachers hadn't listened to the callings of their hearts. And your future students cannot fulfill their purpose if you do not listen to the callings of your heart.

If Spirit is calling you to the Angel Reiki School (ARS), it's on purpose. You might be scared and not know precisely where Spirit is taking you, but one thing is for sure: Spirit has plans for you that you cannot yet even fathom!

50% of ARS students say they enroll simply to develop all of their unique God-given spiritual gifts and integrate them into their current career. While the other 50% say they feel called to build a spiritual business and serve others. All of them say that once they got into the Angel Reiki School, their life's purpose became clearer.

You don't need any prior experience, simply a desire to learn and a heart-felt intention to help others transform spiritually. We've helped over 500 graduates build businesses of their own or seamlessly integrate their spiritual talents into their current profession.

But Julie, What If I Don't Have Any Gifts?

99% of students starting the Angel Reiki School all say the same two things: 1.) Julie, what if I'm not gifted? What if others are gifted but I'm not? 2.) I don't know exactly why Spirit is calling me to the ARS but I know for sure they are calling me to the ARS specifically.

And 99% of our graduates say they were scared to join the ARS and it took a lot of courage to do so, but they're so glad they did because once they got into the program they found they're not only highly gifted, but that Spirit showed them what they'd end up doing with those gifts.

The angels always say, "You don't know, what you don't know because it's impossible to." That's why we need one another. If you're being called to the Angel Reiki School, it's because you need the information inside of it. Info that can only be found in the ARS using Julie's methods.

Julie works with every person who comes through the Angel Reiki School to ensure they graduate. Again, we have a 100% graduation rate – and that's going to be you too!

You Cannot Learn Julie's ARS Methods Anywhere Else

The heart of the Angel Reiki School lies in Julie's signature method and the transformational results seen in our students. This isn't just any class—it's a one-of-a-kind certification experience where Julie teaches you how to combine healing energy, messages from angels, and connecting with Spirit in a way that no one else does.

Julie has spent years creating, testing and perfecting methods that you'll only find in the ARS. You cannot learn them from the podcast, her social media platforms, membership, or anywhere else. The ARS is the only place where this information is taught.

Julie's signature method, meticulously designed to unlock your full potential and transform you into a healer, is rooted in a holistic approach that nurtures your inherent gifts while emphasizing the ethical responsibilities of such powerful knowledge.

Here, you're not just another student; you're a valued member of a close-knit community where your growth and success are our top priority. This is your chance to transform not just your spiritual practice, but your life and career, with tools and insights that are tailored just for you.

If you have additional gifts that emerge, such as past life healing, seeing color, animal communication, etc., Julie will teach you how to seamlessly integrate these into your own personal healing method.

What sets the Angel Reiki School apart is this: It isn't just a teaching; it's a legacy, passed down to those select few ready to embrace their calling under Julie's direct mentorship. This exclusivity ensures that as a graduate, you'll stand apart in your healing practice, able to do things most healers can't because you learned directly from Julie, using methods only she can teach.

This is your invitation to be part of a transformational group of healers who are reshaping the landscape of the spiritual community through Julie's unparalleled methods. If you want to make a real difference and gain skills that set you apart, this is where you need to be. It's your chance to be one of the few who know how to heal in this special way.

1-Year ARS Extended Program: Earn Your Spiritual Coaching Certification Too!

Over the years students have enjoyed the ARS so much that many often say, “I don’t want to leave. Julie, I wish I could continue working with you. I love our Saturday calls and I just want to keep learning!”

I always feel the same! I love getting to know you and helping guide you on your own individual path. So I created a year-long Angel Reiki School & Spiritual Coaching hybrid program that allows me to mentor students for a whole year.

Those who stay with me for the year get an additional certification of Spiritual Coach which goes beyond mediumship and angel messages; and teaches you how to coach your clients on the twelve most common spiritual topics from Oneness, to the Inner Child, to Finding Their Purpose, to Hearing Their Own Intuition and Deepening Their Connection With Their Loved Ones in Heaven and so much more!

I’ve also added into the year long program dozens of teachings on: How to write a book; how to start a podcast; how to grow your aligned clientele; how to start your first course and more. For a full list, please ask Julie during your discovery call.

Each week, I show you how to build a new sector of your clientele. If I’m asking you to make a call, send an email or post on social – I’ve already written out a script, email or social media post, and all you have to do is copy and paste. This is going to help you to build up a robust clientele more quickly.

As a part of the year long program, I wanted to make it easy for you to start your business and so I give you a year’s worth of blast emails and social media content you can easily customize to reach your clients.

If you’d like me to be your coach for a full year, please ask me about the hybrid program! AND ask me how you can get the whole year of the Angel Membership free too when you pay for the year in full. Again, space is limited and we want to make sure you’re a good fit for the program. Therefore, you must attend a discovery call with Julie before registering for the year-long Extended ARS program.

Do You Want The Blueprint To Build A Six-to-Seven Figure Business?

Doing this work is about serving, AND it also costs a great deal to get spirits messages into the world. It can easily cost \$20,000 a year to run a podcast; \$15,000-\$100,000 to get a book out properly; and millions in backing to fund a TV show. I'm on a mission to bring as much hope into this world as possible through donations and funding projects that are going to help humanity hope again.

And if you're here, I know the angels are calling you to a similar mission! That's why part of the Angel Reiki School is providing you with online content that shows you how to build a successful, sustainable business of your own.

When you join the ARS, I will give you the blueprint to build a six-figure business within the first eighteen months. It's the same blueprint I used to start my own business. I'll tell you right now, the angels will absolutely work miracles and at the same time it is work. If you're willing to put in the work and you have service-focused intentions – I can show you how to become an unstoppable force for good in this world.

Are you ready to turn your gifts into a thriving business? If you want to be successful, get the blueprint from someone who's reached the goals you desire to.

You want a teacher who's achieved what you believe is possible for yourself. Why? Because they know how to get there. They've done it for themselves. A teacher who has not achieved the goals you wish to, cannot show you the way. I've given over 7,000 readings, graduated over 500 people through the ARS, built a top #5 spiritual podcast worldwide that was turned into a radio show and downloaded by over 150,000 people per week, and built an almost seven-figure business.

My ARS students and I are a collective network of healers that are working together with a goal of reaching 1 billion people in our lifetime. Will you join us in spreading hope and love around the world?

We Have A 100% Graduation Rate

At the Angel Reiki School, we pride ourselves on a 100% graduation rate and the remarkable achievements of our over 500 graduates, who consistently astound us by leveraging their learnings into incredible ventures like writing books, launching podcasts, creating YouTube channels and more.

Our unique, supportive environment fosters not only the development of profound spiritual gifts but also the practical aspects of building a successful six-figure business—a testament to our comprehensive approach to spiritual education.

Unlike basic local Reiki certification, which often leaves students seeking more, the Angel Reiki School offers an all-encompassing program that covers everything from honing your unique spiritual abilities to effectively communicating angelic messages.

In celebration of our students' success, we've introduced a friendly competition with enticing rewards, including the chance to share your success story on our podcast and receive a free reading. With no prior training required to enroll, we aim to make this transformative experience accessible to as many aspiring healers as possible, providing value that far exceeds the cost and truly making a difference in the world.

In addition to the many businesses founded and inspired by the ARS, here's what some of our graduates are up to:

OUR STUDENTS ARE DOING INCREDIBLE THINGS

IN ADDITION TO THE MANY BUSINESSES FOUNDED AND INSPIRED BY THE ARS, HERE'S WHAT SOME OF OUR GRADUATES ARE UP TO:

DOUBLED CLIENTELE	STARTING PODCASTS
Emma, who was a Master Reiki Teacher, before coming to the ARS used the methods in our program to double her clientele within twelve months.	Inspired by their transformation during the ARS program, several ARS graduates started podcasts and shows that are reaching the hearts of countless souls tuning in weekly.
WRITING BOOKS	HOSTING RETREATS
Six ARS graduates turned their journey of self-discovery and healing into books (some bestselling), drawing on their experiences and learnings from ARS. These books have helped countless others find their path to their own intuition, angels and healing.	Several clients have used their ARS certification to launch a series of holistic healing retreats in scenic locations. These retreats have become highly sought after, with attendees praising the transformative experience and the expert guidance of our ARS grads.
OPENING CENTERS	UNIQUE SERVICES
Two ARS graduates are in the process of founding healing community centers to offer a range of services including energy healing, workshops, and meditation classes, all inspired by their time at ARS.	After ARS, dozens of students have successfully incorporated intuitive counseling services into their work. These grads combine energy healing with intuitive insights to guide clients through life's challenges, achieving remarkable outcomes and client transformations.

And it all began in the Angel Reiki School . . . From which Spirit is able to show each student their own unique path!

The ARS Can Double Your Earnings, It's A Tax Write Off For Most, And You May Earn Your Tuition Back In Just 11 Sessions

Because ARS graduates are skilled in mediumship, angel messages and Reiki (not just Reiki alone), you're going to come out of the ARS able to charge almost double what a Reiki session costs in most areas. With the skills of mediumship and angel messages that you learn in the ARS, you could earn \$70,000+ more per year than a Reiki Masters. That's \$700,000 more over a decade with the added skills of bringing through messages and Julie's unique method.

Did you know that if you have a business or start one in the same calendar year, your entire tuition is a tax write off in most US states? Please check with your accountant in your state to be sure!

Did you know that most students exiting the ARS have the skills to charge \$222 for a session? That means that you can make back your tuition fee in just 11 sessions. That's less than one week's worth of work!

Please note: Some graduates feel more comfortable charging less at the beginning but even if you charge \$111, you'll still make back your tuition in one week's worth of work after building your clientele!

I know the ARS is costly to most, but my ARS graduates see the enormous value of the program and often ask why I don't charge double for this program . . . and the reason is, I want this information to reach every soul who needs it. So I try to keep the cost as low as I can.

The Angel's Guarantee To You

The Angel Reiki School offers a unique assurance with the Angel's Guarantee. This is our way of committing to your spiritual growth and satisfaction within the Angel Reiki School community. If within the first 10 days of your purchase you find the program isn't what you're looking for, simply email and let us know at julie@theangelmedium.com. We'll exchange your experience to our VIP Angel Membership. This means for a full year, you'll join me in monthly small group meetings, where you'll gain deep insights and personalized mentorship. Plus, you'll enjoy an entire year of access to our exclusive membership content. For existing annual members, we'll extend your membership by an additional 12 months. Please note, we offer this exchange in place of refunds, and it applies exclusively to our online offerings (We have a no refund policy. And there are no exchanges or refunds for the in-person ARS).

FAQ'S

1 If I Have Other Gifts, Will Those Come Out In The ARS Too?

At the Angel Reiki School (ARS), we embrace and nurture a wide spectrum of spiritual gifts, creating an inclusive environment where diverse talents are celebrated and developed. Whether your abilities lie in connecting with spirits, communicating with angels, seeing auras, engaging in pet communication, exploring past lives, or you're curious about healing with crystals, interpreting dreams, or sensing energies in spaces and objects, ARS provides tailored support and guidance. Our curriculum is designed to uncover and enhance these gifts through comprehensive lessons, interactive discussions, and hands-on practice sessions. This approach ensures that every student has the opportunity to grow their unique abilities, discover new talents, and integrate them into a cohesive spiritual practice, all within a supportive community that values exploration and personal growth.

2 How Much Time Does It Take Each Week?

The time commitment for the online Angel Reiki School spans an average of 6 hours per week over the course of its 8-week program. This estimate is based on feedback from our students, who find this amount of time allows them to fully engage with the coursework, participate in practice sessions, and absorb the teachings at a comfortable pace. This manageable schedule makes it possible for students to integrate their learning into their daily lives, ensuring they can dedicate themselves to their spiritual development without overwhelming their other responsibilities.

3 When Does The Next Class Start?

A new class of the online Angel Reiki School (ARS) starts on the first of each month. With a possible TV show starting, I'm not sure how long I'll be able to continue this. We are offering the ARS in-person one time June 1-2, 2024.

4 How Big Are The Class Sizes?

To ensure a personalized and interactive learning experience, we cap our online Angel Reiki School (ARS) class sizes at a maximum of 15 students. This approach guarantees that each student receives individual attention, fostering a closer connection with both the instructor and fellow classmates. Smaller class sizes create an intimate learning environment where questions are encouraged, and students can benefit from direct feedback and guidance, enhancing their overall educational journey within the ARS.

5 Who Does The Teaching?

Julie is the sole instructor for all the courses within the Angel Reiki School, ensuring that students receive a consistent and deeply informed teaching experience directly from her. Additionally, a dedicated team member will check in on your progress, offering support and assistance throughout your journey. This structure guarantees that while you benefit from Julie's expert instruction, you also receive personalized attention and care from our supportive team, enhancing your learning experience in a nurturing environment.

FAQ'S

6 Will I be Able To Teach Others?

Yes, you will be equipped to teach others after completing the program. Julie advises dedicating a full year to conducting sessions or readings full time to deeply immerse yourself in the practice and refine your skills. This experience will not only bolster your confidence but also allow you to develop your own unique method. After this period of intensive practice, you'll be in a strong position to create your own program and share your knowledge by teaching others your distinct approach to the work. This approach ensures that when you do start teaching, you'll be able to offer a rich, informed, and personalized learning experience to your students.

7 Do I need any previous experience?

No previous experience is necessary to join the Angel Reiki School (ARS). In fact, 67-70% of students who start the ARS do so without any prior background in the subjects we cover. This statistic highlights our commitment to making spiritual development accessible to everyone, regardless of their starting point. Our program is designed to welcome and nurture students at all levels of expertise, ensuring that even those new to spiritual practices can find a supportive and enriching environment to begin their journey.

8 How is the ARS different from getting certified with my local Reiki practitioner down the street?

Reiki is a silent practice. When you are taught Reiki by your local practitioner, you're not being taught the skills of mediumship or how to bring through angel messages for others. Your local practitioner will not teach you how to develop your own unique spiritual gifts, nor do they have the skills to help bring these out of you. Often your local reiki practitioner will upcharge you for every little thing and attunements making the total cost of your tuition much more – Julie doesn't do this. The cost of Julie's ARS includes everything you need to develop your skills in mediumship, angel messages, and energy healing.

9 What if I'm excited but scared to join the ARS?

Feeling a mix of excitement and apprehension about joining the Angel Reiki School (ARS) is completely natural. Embarking on a new chapter in your life, especially one that involves tapping into and embracing your own spiritual power, can indeed feel daunting. The journey to self-discovery and spiritual development often involves stepping out of your comfort zone, which can be intimidating. However, I understand these feelings deeply. The alternative to taking this step is often looking back with regret for not pursuing a path that called to you. Remember, the ARS community is here to support you through these feelings, offering a safe and nurturing space where you can explore your abilities and grow at your own pace. Taking this leap can lead to profound personal growth and fulfillment, far outweighing the initial fear of starting.

FAQ'S

10 What If I'm Already Reiki Certified?

About 27-33% of the students who come through the Angel Reiki School have some Reiki certification. To be clear, you do not need Reiki certification or any previous experience to join the ARS. I say this because most students find that their local Reiki training did not give them what they needed in terms of gifts, or understanding of how to build a clientele or start a business. They come to the ARS because it has everything they've been missing. The ARS will give you everything your past training did not, so that you're ready to be a medium, messenger or healer.

11 Can I actually do this? Am I actually gifted?

Absolutely, you can do this, and yes, you are indeed gifted. The notion that you might not be is simply not possible. Your intuition is the voice of your soul, while your energy is its vibration. Given that your soul is infinite, it possesses a plethora of gifts, talents, and abilities eagerly waiting to be expressed and shared. The Angel Reiki School provides the perfect environment for your soul-self to emerge vibrantly, enabling you to refine and hone these skills within your human experience. Through learning new skills such as mediumship, delivering angel messages, and practicing energy healing, you'll discover that there are no limits to what you can achieve. Success in this journey begins with two core beliefs: faith in your own capabilities and the conviction that a higher power, whether you call it God, the Universe, or Source, can work miracles through you to benefit as many people as possible on Earth. If this resonates with you, then the Angel Reiki School is exactly where you're meant to be.

12 Do you offer discounts or scholarships?

We have never offered scholarships or discounts to the Angel Reiki School. Many of my business coaches ask me why I don't charge double my current prices (like many of my peers do) and the answer is simple: The angels want to get this information into the hands of as many people as they can, in order to help as many people here on Earth as possible. The 8-week ARS is a \$5,000 program but I only charge \$2,499 . . . and the 1-year ARS is a \$20,000 program but I only charge \$10,000 because my mission is to help and serve, and donate, and spread hope to a billion people through the network of healers who come through the Angel Reiki School. Your ARS tuition funds the podcast, publishing books and spreading hope to millions each year. We are not a non profit (yet) but every dollar possible goes back to that mission.
